

On-Net Business (Mega Fibre) information

Axecom's Business TPG Fibre delivers high-speed Symmetrical Internet Fibre-to-the-Premises (FTTP) via the TPG network. Axecom/Partners bandwidth speeds are guaranteed to the network termination port.

The actual speeds you will achieve could vary due to many factors including but not limited to, type/source of content being downloaded, hardware and software configuration, your local network equipment used, the number of users simultaneously using the network and performance of interconnecting infrastructure not operated by Axecom. Your local network equipment, the performance of your local infrastructure and cabling are not limited to the source and destination of content accessed via the internet. Devices connected by Wi-Fi may experience slower speeds than those connected by Ethernet cable.

Axecom Business TPG Fibre plan provides unlimited data usage however, a fair use policy applies that is designed to protect the integrity of the carrier network. Examples of a fair usage breach would include but not limited to, re-selling the Axecom On Net Fibre without written consent of Axecom, promote or threaten violence towards anyone, create a risk to the health or safety of any person, using your service in a way that interferes with or poses a risk to our network or other customer's services.

Charges and Billing

Pro-rata billing applies on the initial connection date to the end of the calendar month.

The maximum monthly plan charge associated with an On-Net Business Mega Fibre connection will depend on the service plan you are subscribed to. Please note a once off Set Up fee of \$549.95 inc.GST applies in total minimum cost. The maximum plan charges are as follows:

Business Fibre Plan	Monthly charge inc.GST	Total Minimum cost inc.GST
500Mbps	\$499.95	\$24,653.15
1000Mbps	\$699.95	\$37,401.71
Fibre Connection Fee (once off charge)		\$1095.55

Contract Length & Early Termination

All of our On-Net Business Mega Fibre plans have a minimum contract term of 48 months.

Should you choose to cancel your service within the contract period an Early Termination Fee will apply. The fee is based on the below:

Remaining months X Monthly Fee plan = Early Termination Fee payable to Axecom to release you from your contract and services associated with Axecom.

Hardware

All routers purchased either independently or Axecom's standard gigabit router are at the client cost.

Any cabling that is required in your premises beyond the network boundary point is the client responsibility and will not be covered by Axecom .

Additional charges

The table below outlines any additional charges that may be applicable with the installation and support of On-Net Fibre services.

Our service provisioning team will confirm in writing prior to installation or onsite support the additional charges required, should they be applicable to your On-Net Fibre service, before proceeding.
